

Hand Riveters

2-in-1 Hand Riveter

2 IN 1

LONG STROKE

Bolt in upper hole for easy pulling rivets in one pull

SHORT "RATCHET ACTION" POWER STROKE

Bolt in lower hole for hard pulling rivets in several easy pulls

One hand operation with normal squeezing action provides enough pulling power to set all popular size rivets (see spec. columns below). 2-in-1 adjustment features a single long stroke for most hand riveting applications and a short "ratchet action" power stroke for setting larger diameter rivets. Outside jaw-grip adjustment wheel opens and closes jaws with fingertip ease to fit any size mandrel and to obtain maximum stroke efficiency. Professional slim nose allows 2-in-1 to go where other hand riveters cannot. Ideal for reaching into corners and recessed areas. Three nosepieces 1/8", 5/32" and 3/16" included with tool. Nosepieces are stored in handle. Heavy duty all steel construction insures long life and minimum wear. Polished finish, nickel-chrome plated. Red vinyl cushion grip and hand stop.

CATALOG NUMBER	CAPACITIES IN. (MM)	TOOL LENGTH IN. (MM)	NET WT. OZ. (g)
2-in-1	3/32 thru- 3/16 (2.4 - 4.8) steel rivets	8 (203)	20 (567)
	3/32 thru- 5/32 (2.4 - 4.0) stainless steel rivets		

ACCESSORIES & PARTS

Catalog Number	Description
ER41	Jaws for 2 in 1
ER44	3/16" nosepiece for 2 in 1
ER45	1/8" nosepiece for 2 in 1
ER46	5/32" nosepiece for 2 in 1
HR3-7	Adjustment rod assembly for 2 in 1

Economy Hand Riveter

CR18

Lightweight, compact size and slim nose projection allows this riveter to go wherever the work is. Four rivet nosepieces: 3/32", 1/8", 5/32", 3/16" store in handle. Ideally suited for blind riveting applications in aluminum windows, gutter and downspout. **Not for use with 5/32" or 3/16" steel rivets (steel rivets larger than 3.2 mm).** Spring return handles and comfortable contour grip make operation fast and easy. Just open handles and insert rivet into tool until flange touches nosepiece. Squeeze handles slightly to allow jaws to grip rivet mandrel. Insert rivet into pre-drilled work to be fastened and squeeze handles until mandrel snaps. Release grip on handles and mandrel will drop out front end of tool when tilted.

Rugged steel construction with black paint finish and comfortable vinyl grip. Secure handle latch makes this tool easy to fit in pouch or pocket.
